

KAMARI VAMSHI KRISHNA

vamshi187krishna@gmail.com | +91 9182151611 | LinkedIn | GitHub | Hyderabad, India

PROFESSIONAL SUMMARY

Computer Science (AI & ML) student skilled in Python, Java, JavaScript, Node.js, Express.js, REST APIs, DBMS, and local LLM integration. Built AI-assisted and data-driven projects in transcript analysis, code analysis, and database management. Open to internships in Software Development, Backend, Frontend, Python, Java, AI/ML, and Data Analytics.

TECHNICAL SKILLS

Technical Skills: Python, Java, JavaScript, TypeScript, C, C++, Node.js, Express.js, REST APIs, JSON, HTML, CSS, DBMS, Kafka, H2, Git, GitHub, VS Code, OOP, DSA, Machine Learning, NLP, Prompt Engineering, Data Analysis, Ollama, Llama 3.2

PROJECTS

Trinethra Feedback Analyzer | HTML, CSS, JavaScript, Node.js, Express.js, Ollama, llama3.2, JSON

- AI-assisted behavioral assessment platform using local LLMs with Ollama (llama3.2).
- Built a full-stack app with HTML, CSS, JavaScript, Node.js, and Express.js for transcript analysis.
- Generated structured JSON output for behavioral evidence, rubric scoring, KPI mapping, gap analysis, and follow-up questions.

AI Code Analyzer | Python, REST APIs, JSON, Git, GitHub

- AI-based code analysis tool that generates structured feedback using API integration.
- Designed backend workflows for handling user input, response parsing, and automated analysis.
- Implemented request-response pipelines for scalable code review automation.

LifeFlow - Blood Bank Management System | Python, DBMS, Git, GitHub

- Database-driven system to manage donor records, blood inventory, and request tracking.
- Implemented efficient data handling and retrieval workflows.
- Focused on reliable record management and user-friendly operations.

EDUCATION

B.Tech in Computer Science and Engineering (Artificial Intelligence & Machine Learning) - CMR Engineering College | Expected 2028

CERTIFICATIONS

IIT Bombay: Python, Java, HTML & CSS, Git & GitHub | Google Cloud Generative AI Leader Track | Deloitte Data Analytics Job Simulation | JPMorgan Chase & Co. Software Engineering Job Simulation

ADDITIONAL

Active on LeetCode for DSA practice | Comfortable working in team-based and remote environments | Quick learner with interest in AI research and software engineering
